...they only work if they work.

Because I have about three dozen of you -- with whom to communicate about your delightful willingness to serve your fellow players.

Which only happens if you can hear me.

I need to send info by email.

So the guys need you to be getting it.

It's important --

-- that you check your email

-- that the bulk BCC messages I use don't hit your **Spam** Folder

-- that you see my messages: it might help to put my **email address** in your Address Book, so I get delivered to your Inbox

AND

If you can't work a shift for which you're scheduled, please **let me know** so I can fill it.

This season, we've already had three missing umpers.

So even if it's almost game time: call.

Appreciate your support, Peter
